

**CARITÉ** is a shoemaking company that has as its mission to satisfy the needs and expectations of its clients, assuring a good communication between the parts interested, with an eye for continuous improvement and for fulfilling the defined quality requirements.

Our Environmental and Quality policy is based on the following strategic guidelines:

- Client satisfaction based on a successful deal
- Guarantee of a good work environment to all who are part of our team
- Implementation of the best practices available in protecting the environment
- Continuous monitoring of our environmental performance while preventing pollution
- Compliance with conformity obligations, legal requirements and others that may apply to our products, environmental aspects and respective impacts, as well as the requirements of the standards applicable to our Integrated Management System.
- Continuous upgrade of the efficiency of our Integrated Environmental and Quality Management System, having as a reference the standards NP ISO 14001 and NP ISO 9001
